

SPECIAL ENLIGHTENMENT WORKSHOP SERIES

Neurodiversity: Designing Inclusive Learning Environments

TUESDAY, APRIL 25, 2023
12-1 PM (MICROSOFT TEAMS)

Neurodiversity is a term that encompasses a wide range of cognitive and learning differences, including autism, ADHD, dyslexia, and more. It's a term that's becoming increasingly important in the workplace, as organizations recognize the value of diverse perspectives and talents. In this workshop, we'll explore the challenges neurodivergent individuals face in the workplace and discuss strategies for creating a more inclusive and supportive environment. We'll also share practical tips for designing learning experiences that are accessible and engaging for everyone.
