

How to Edit Your USA CUARC Researcher Profile

1. When you log into ARC, your Inbox page should open

1. The **Name** column displays the name of the applications in your inbox. Clicking the name will bring up that application's workspace.
2. **Date Modified** displays the date the application was last modified.
3. **Type** displays the type of application (study, modification, etc.).
4. **Status** displays where the application is in the review process.

2. Click on the Profile Tab.
